Rice's Glass Company  
107 Lloyd Street  
Carrboro, NC 27510

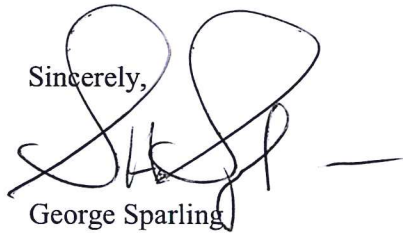

To whom it may concern,

Please allow this letter to act as my highest recommendation for Rice's Glass Company based on work they performed for our company in 2014.

As our supplier and installer of windows and glazing on the Shortbread Lofts apartment building in Chapel Hill, North Carolina, Rice's Glass performed their contract in a professional manner with high attention to quality and schedule. Rice's Glass was proactive and provided the needed expertise on preconstruction coordination to insure the proper flashing designs for various and challenging skin assemblies that came in contact with the window system. Our client was very pleased with the outcome of the window installation.

I do not hesitate to recommend Rice's Glass Company for any project.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. Sparling', with a horizontal line extending to the right.

George Sparling  
Vice President
